Dear Sir/Madam,

Annual Report for DIR108 for the year 2 December 2017 to 1 December 2018

I refer to the requirements of the above licence (*viz.* Condition No. 20), to provide the OGTR with an annual report each year within 90 days of the anniversary of issue of the licence. We were contacted by OGTR to indicate that this report had not yet been lodged. I submit to you this report which has been derived from data from our internal record keeping system for events approved under DIR108.

From the period of 2 December 2017 to 1 December 2018, there were no plantings of *Brassica napus* containing any of the approved events under DIR108 in Australia.

No adverse effects were observed or reported as a result of dealings with *B. napus* events under licence DIR108 during the reporting period as no plantings were made under this licence for the stated period.

Yours sincerely,
